

Name of Academy	Academy Information	Academy Website
Academy of Dermatology Veterinary Technicians	The purpose of ADVT is to foster excellence in veterinary dermatology through specialized expertise. This is achieved by demonstrating advanced proficiency in dermatologic procedures, collaborating effectively with the veterinary team and clients to advocate for exceptional patient care, and offering innovative, cutting-edge continuing education.	<a href="http://www.vedermtech.org">www.vedermtech.org</a>
Academy of Equine Veterinary Nursing Technicians	AEVNT's mission is to enhance the education and professional recognition of credentialed equine veterinary technologists who demonstrate excellence and unwavering dedication in delivering exceptional nursing care to equine patients.	<a href="http://www.aevnt.org">www.aevnt.org</a>
Academy of Physical Rehabilitation Veterinary Technicians	APRVT's mission is to provide assistance in veterinary physical rehabilitation, encouraging veterinary professionals and colleagues to further their education, while improving the quality of animals' lives.	<a href="http://www.aprvt.com">www.aprvt.com</a>
Academy of Veterinary Behavior Technicians	AVBT promotes excellence in veterinary behavior medicine by certifying veterinary technician specialists with expertise in scientifically and humanely-based behavior techniques. These specialists demonstrate advanced knowledge in behavior health, problem prevention, training, management, and modification.	<a href="http://www.avbt.net">www.avbt.net</a>
Academy of Veterinary Clinical Pathology Technicians	The AVCPT aims to advance the knowledge and education of veterinary clinical pathology among credentialed veterinary technicians, improving patient welfare through high standards of practice. The AVCPT encourages ongoing learning through continuing education events, webinars, research, and publications.	<a href="http://www.avcpt.net">www.avcpt.net</a>
Academy of Veterinary Nutrition Technicians	AVNT was established to advance the field of veterinary nutrition by enhancing the knowledge and skills of veterinary technologists, enabling them to become certified in nutrition. The organization aims to recognize technicians as essential members of the veterinary nutrition profession and supports their development in this specialized area.	<a href="http://www.nutritiontechs.com">www.nutritiontechs.com</a>
Academy of Veterinary Ophthalmic Technicians	AVOT operates under the guidance of NAVTA and ACVO to foster yearly continuing education, professional development, and networking with industry partners.	<a href="http://www.avot-vts.org">www.avot-vts.org</a>
Academy of Veterinary Surgical Technicians	AVST encourages experienced surgical technologists to enhance their education and training by pursuing a surgical specialty. AVST will provide a standardized route through which technicians may qualify for a national examination to become a VTS (Surgery).	<a href="http://www.avst-vts.org">www.avst-vts.org</a>

Academy of Veterinary Technicians in Clinical Practice	AVTCP advances the profession of veterinary technology by offering contemporary, multidisciplinary, and comprehensive species-oriented categories such as canine/feline, feline, Exotic Companion Animal, and Production Animal.	<a href="http://www.avtcp.org">www.avtcp.org</a>
Academy of Veterinary Technicians in Diagnostic Imaging	The AVTDI is comprised of veterinary technologists dedicated to performing a higher level of veterinary Diagnostic Imaging modalities such as: digital radiographs, fluoroscopic special procedures, CT scan, MRI, ultrasound and nuclear medicine imaging.	<a href="http://www.avtdi.org">www.avtdi.org</a>
The Academy of Internal Medicine Veterinary Technicians	AIMVT advances the skills of veterinary technologists in internal medicine through cutting-edge education, collaboration with veterinarians, and client education. It promotes superior patient care and consumer protection across sub-specialties such as cardiology, neurology, oncology, and both small and large animal internal medicine.	<a href="http://www.aimvt.com">www.aimvt.com</a>
The Academy of Laboratory Animal Veterinary Technicians and Nurses	ALAVTN's membership certification (VTS-LAM) signifies advanced technical skills, ethical standards, and the ability to provide high-level service to research organizations. Certification categories include Research Clinical Nursing, Research Surgeon, and Research Anesthetist .	<a href="http://www.alavtn.org">www.alavtn.org</a>
The Academy of Veterinary Dental Technicians	AVDT gives technologists the opportunity to expand their knowledge and their professional value by becoming a credentialed specialist in the field of animal dentistry	<a href="http://www.avdt.us">www.avdt.us</a>
The Academy of Veterinary Emergency and Critical Care Technicians	AVECCT certifies veterinary technologists to ensure they have the knowledge and experience needed to effectively work in emergency or critical care facilities. This certification prepares veterinary professionals to handle high-stress, high-stakes situations in specialized care settings.	<a href="http://www.avecct.org">www.avecct.org</a>
The Academy of Veterinary Technicians in Anesthesia and Analgesia	AVTAA promotes patient safety, professionalism, and excellence in anesthesia care and pain management. Veterinary Technician Specialists in Anesthesia and Analgesia ensure exceptional care for pets before, during, and after procedures, prioritizing their comfort and safety throughout the process.	<a href="http://www.avtaa-vts.org">www.avtaa-vts.org</a>
The Academy of Veterinary Zoological Medicine Technicians	AZVT is committed to enhancing veterinary care for zoo animals through knowledge sharing, improved techniques, and conservation efforts. AZVT promotes professional standards, fosters collaboration with other zoo professionals, and provides a platform for information exchange via newsletters, conferences, and events.	<a href="http://www.azvt.org">www.azvt.org</a>
